

REMARKS

The Examiner is thanked for the thorough examination of the present application, and the indication that all pending claims 22-32 define over the prior art. The Office Action did, however, reject these claims under the judicially created doctrine of obviousness-type double patenting. In response, Applicant submits the accompanying terminal disclaimer. The accompanying disclaimer is effective to overcome the double patenting rejection, such that all claims 22-32 are now in condition for allowance.

If, in the opinion of the Examiner, a telephonic conference would expedite the examination of this matter, the Examiner is invited to call the undersigned attorney at (770) 933-9500.

A credit card authorization is provided with the accompanying terminal disclaimer. No additional fee is believed to be due in connection with this response. If, however, any additional fee is believed to be due, you are hereby authorized to charge any such fee to deposit account No. 20-0778.

Respectfully submitted,

By:
